I am writing to oppose the absolutely scandalous planning application above.

A quiet residential cul de sac of less than 20 homes is being threatened. Most of the residents of this cul de sac [REDACTED] have lived in Crawley Down for many years.

This planning application threatens their homes and way of life - these are [REDACTED] people whose health is being ruined by the constant threat they are living under. They deserve to be able to live [REDACTED] without the stress and noise and pollution that nobody wants and the worry that some greedy corporation is going to knock down 2 houses and make all their lives a living hell for another couple of years and as for the [REDACTED]

[REDACTED] bungalow it's beyond belief that this is even being considered!!!

I am one of many residents of Crawley down who are sick and tired of planning applications being passed after objection after objections are raised. No one is listening to residents- we don't want any more houses being built destroying our wildlife habitats and turning our once peaceful village into a town.

[REDACTED] 5 Field Drive, Crawley Down RH10 4AE.
