Details of the pre-application advice received

Dear Dean,

Following my recent site visit and having reviewed the previous photographs and the planning history of the property, I can confirm that the changes to the ground levels are considered to constitute engineering works that require planning permission.

I therefore invite you to submit a planning application in respect of these works. An application can be made online via the Planning Portal. Please note that the submission of an application should not be taken as an indication that planning permission will be granted. You are entitled to submit any supporting information or observations you consider relevant in support of your application.

It is recommended that the application be submitted as part retrospective and part proposed. It should include photographs and drawings showing the original ground levels, the works that have been carried out, and the proposed finished levels.

I would expect the application to be submitted within one month of the date of this email. Please confirm your intentions in writing.

I look forward to hearing from you.

Kind regards,

Tanya Leete

Mid-Sussex District Council

Authority Employee/Member

- (a) a member of staff**
- (b) an elected member**
- (c) related to a member of staff**
- (d) related to an elected member**

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
