Customer Details

Address: Ecotecture Ecological Design Ltd 31 Sussex Road Haywards Heath

Comments Details

Commenter Type: Business or other organisation

Stance: Customer made comments in support of the Planning Application

Reasons for comment:

Comments: I live and work opposite Sam's Fish Bar and fully support this planning application.

As someone who is in this location every day, I believe the proposal will have a positive impact on the area and the wider community. It will help improve the appearance of the locality, encourage investment in the area, and support a well-established local business that provides an important service to residents.

I also believe the proposal will contribute positively to the local economy by supporting employment and encouraging more

people to visit and use nearby businesses. A well-maintained and successful business helps create a safer and more welcoming environment, which can discourage anti-social behaviour and improve the overall character of the area.

Based on my experience of living and working directly opposite the premises, I have no concerns that the proposal would have an adverse impact on neighbouring properties or the local community. In my view, the benefits clearly outweigh any perceived drawbacks, and I respectfully ask the Council to approve the application.

Kind regards
