Dear West Sussex County Council,

RE: Planning Application for Solar Carports at Freshfield Lane Brickworks

An application for the proposed development was submitted to and validated by Mid Sussex District Council on Thursday, 15 May 2025.

Following validation, and at the request of West Sussex County Council, it was advised that the application should instead be submitted to the County Council for determination.

Whilst we disagree with this approach, in the interests of expediency, and to enable our client to progress the project without further delay, we have therefore taken the pragmatic decision to submit the application to West Sussex County Council.

As this re-submission has already introduced some delay to the project timeline, we would be very grateful if the application could now be processed and determined as swiftly as possible to support our client's programme for delivery.

Should you require any further information or clarification, please do not hesitate to contact me using the details above.

We look forward to working with you and to the timely determination of this application.

Yours sincerely,
