Reasons for comment:

Comments:	I am worried about this planning application on a number of fronts:  - we don't need any more houses. All the new builds happening in hassocks were in the plan - there is no need for any more local houses to be built - impact on school children. There are many children walking to Downlands school and creating a new road causes them risk to safety - impact on wildlife - please don't kill our protected (and unprotected) local animals. It is currently a hotbed for bats and

owls. If we don't need any more houses why should this be allowed to go ahead risking displacement of animals
