Comments Details

Commenter Type: Neighbour or general public

Stance: Customer made comments in support of the Planning Application

Reasons for comment:

Comments: We fully support the application, particularly the lifting of the canopy to the yew tree. Although a majestic tree at its upper reaches, it does restrict much needed light, both to the house and the ground below. As a Neighbour of seventeen years we encouraged the previous owner to seek permission to carry out such work which we feel can be done without detriment to the form of the tree.
