Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	False information has been given to the planning department. For example it states there is only one property involved and there is 5 Properties involved all within close proximity. There has been corruption and a nasty vicious attack of cyber in order for Kew to get what they want. A new road has been created illegally and the land being proposed for the buildings are still only for agricultural use. they had cattle on that area. they have removed the stop proof fence.

Kind regards
