You don't often get email from chris.pettit@crawlco.co.uk. [Learn why this is important](#)
Hi Emily

Thank you for your comments.

I have updated the Design, Access, and Heritage Statement to address the points raised, in particular clarifying the proposed plastering approach and removing reference to alternative options.

The revised DAHS is attached for your review. Please let me know if you have any further queries or if anything further is required.

Kind regards
Chris

Dear Chris and Rob

Thank you for facilitating my visit to Copyhold Hollow this morning. Whilst I have no issue in principle with the proposed works, following our discussion on site can I please ask that the submitted Design, Access and Heritage Statement is revised as follows:

- To state more clearly the cause of the water damage to the property and to confirm that this issue has now been successfully addressed; and
- To clarify the nature of the works where possible, and remove mention of options which it seems in fact it is not intended to pursue.

The target date for a decision on the application is 2nd July, so based on the timeline for the revision of the document which we discussed this morning I would be hopeful that we should be able to meet this without the need for an extension of time.

I look forward to hearing from you,

Kind regards,

Emily Wade
