Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I strongly object to application DM/26/0328 for the proposed 17.5m monopole and associated equipment at land north of 1 Burdocks Drive. The scale and height of this structure would be visually intrusive and out of character with this residential area. The site is also close to two local schools and a neighbourhood with many young

families, which raises significant community concern.

Given the proximity to homes and schools, and ongoing public concerns regarding long-term exposure to radiofrequency emissions, a more precautionary approach should be taken. Alternative, less intrusive locations should be fully explored.

For these reasons, I respectfully request that this application be refused.

Kind regards
