Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	This application is not in line with what the village wants or needs. The infrastructure for the village is already at it's limits, and adding more accommodation without funding investment into fundamental services makes no sense. Housing in this location will also increase traffic in the narrowest lanes of the village - again without funding changes to the highways. Finally, Bolney needs a balance of housing to balance the community, not a cul de sac of homes all costing well over £1m. The purpose of planning is to prevent exactly this sort of short-sighted, profit-driven, individual ambition, and steer investment towards what benefits the local and wider community.
