Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	We strongly object to this planned application for nine dwellings in our village. We're now constantly trying to fight and stop non stop development including the planned Foxhole Lane development of 200+ houses which will over double the size of the village with no investment in the infrastructure for the village. We already have water shortages, power cuts often, low water pressure, no village amenities and transport and cannot take another 9 houses, which will just add to our population and burden and frankly open the door for yet more to be developed at the site. The school cannot accommodate any more children, and our roads are already not safe. We do not want this development.
