Customer Details

Address: 28 Edwin Street Burgess hill

Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to this application as a resident of Edwin street because the access road is private and paid for by the residents of Edwin street as is the street lighting and drainage and pavements and grounds maintenance. This has been given no consideration and Mid Sussex Council will not/can't adopt the road as our parking spaces are marked and owned by the residents and we have visitors spaces for our houses only.

There are approximately 3300 homes being built around Burgess Hill and therefore this I feel

is adequate to supply what is the perceived demand for housing. An additional 9 will not benefit the Hammonds Ridge community as the housing market is currently stagnant and there are houses within 1 mile that have not sold for over a year.

The council have not demonstrated why these 9 houses are required and therefore applicant has not taken the access arrangements into consideration and therefore I object

Kind regards
