

Planning Statement

This is a retrospective planning application for a porta-cabin that was delivered in September 2022 and placed in the top car park at Blackland Farm. The porta-cabin has been used as an office for our Duke of Edinburgh Award Scheme management team since its arrival. Blackland Farm supports approximately 10,000 young people every year in undertaking the expedition section of their Duke of Edinburgh Award and this office has become key to the delivery of the Award Scheme.
