Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	We do not need a 4th shop in our village, you will be taking away from the other convenience stores that are owned by people that live in our village, if you want to put a tesco in use the Morrisons site they are forever closed or selling out of date products. You will add extra traffic to what should be a village with village shops. We don't need lorry's driving through the village causing more

pollution, safety to the children is more important. The pub is overdue a refurb just refurb our village pub and spend the money sorting the kids playground out down the road. The parking outside the shops is horrendous enough and the people park on the corner making it dangerous for people turning out the road or residents walking across the road. We don't need the extra cars around the village. You clearly will go ahead despite what the residents think as you have already put a drop curb in to the pub carpark wider than there entrance and exit area so says it all about residents having there say.

Kind regards
