[REDACTED]

Hello,

I saw that this planning application has been submitted to you from a notice attached to a lamp-post.

I live at 6 Mytten Close and when I checked the on-line application, I saw that 4 houses backing onto the opposite side of Broad Street, together with 2 householders on the opposite side of Mytten Close, and my immediate neighbour have been notified. None of these properties with the exception of 4 Mytten Close and possibly one house backing onto Broad Street will be able to see this extension. Two properties in Mytten Bank, 4 Mytten Close and ourselves will be the only ones affected, yet only one of these properties was notified. We are all much nearer to the proposed development than houses in Courtmead Rd and on the other side of Mytten Close, and it will be visible from our homes and gardens.

Whilst I do not object to the application, please could you explain your criteria for deciding which residents should be notified.

Yours sincerely,

[REDACTED]
