Description of Proposed Works

Please describe the proposed works

Replacement of hedge bordering rear and side of property with close board fencing as used in other areas to the rear of the property.

Reason for replacement :

- to alleviate cost of hedge maintenance and make maintenance and control better for our neighbour on Fairway side (no. 9). The hedge itself is maintained at 8-9 foot tall and with a fence, we would maintain the height at 6 foot which would allow better light to the front of the property particularly in the afternoons. We have previously discussed this with the current neighbour, who is in agreement
- as area has developed over the last 15-20 years, we feel it wouldn't disrupt the street scene
- it would be our preference due to the security and privacy of our garden
- the hedge this year has particularly looked untidy due to fungal growth and an abundance of snails chewing on the leaves making it unsightly.
- although we try to keep the hedge tidy and cut back away from the path, it still forms the border to the path which creates more of a hazard for cuts and scrapes from by passers on what is a fairly busy route during school hours. A fence would remove this obstruction.
