Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I object due to lack of visibility and the nature of the road. It is a high speed (60mph) road used by motorists ordinarily and consistently driving at the maximum speed allowed. There are already hazards and constraints making it difficult enough to navigate as a resident. Adding an extra entrance including for agricultural vehicles at this specific point will only exacerbate the current difficult nature of the road, which could easily lead to a car doing 60mph suddenly being confronted by a half in half out vehicle as it tries to leave its premises and join this narrow and busy road
