Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	Sufficient provision of time was given for works to be completed. To move the deadline by 100 houses is wrong, instead any fines for breaching should be paid. Also instead of just removing the additional works (cycle stands etc) can I suggest that the value of these works is required to be provided to Hassocks council to be used on maintenance works linked to the vast increase in numbers of residents in the village.
