

01
3001 Rear Elevation - As Proposed
1:100 (at A3)

02
3001 Side Elevation - As Proposed
1:100 (at A3)

03
3001 Front Elevation - As Proposed
1:100 (at A3)

As part of the kitchen redesign, the existing window will be reduced in size and the cill raised to accommodate the new kitchen worktop layout. The void beneath the new window opening will be infilled with new brickwork, carefully keyed in and matched to the existing brickwork in both type, size, and colour to ensure a seamless appearance. The new window will be of the same style, colour, and height as the existing bathroom window, maintaining consistency with the property's overall aesthetic

Drawing Specific Notes:

All works are to be carried out in a workmanlike manner. All materials and workmanship must comply with Regulation 7 of the Building Regulations, all relevant British Standards, European Standards, Agreement Certificates, Product Certification of Schemes (Kite Marks) etc. Products conforming to a European technical standard or harmonised European product should have a CE marking.

All dimensions and particulars are to be checked on site before work commences and any discrepancy to be reported to PM Home Consultants. This drawing can be scaled for Planning purposes. **DO NOT SCALE** this drawing for setting out, use written dimensions only. Any work commenced before Council approval is at the Clients risk

All external finished to match the materials of the current dwelling

Flat roof to match the flat roof areas of the building which include the ribs to match the aesthetics of the surrounding properties

External surfaces of the proposed works to match the current dwelling and those used on the surrounding buildings.

Window and door to client specification -
All to be glazed in 16mm (Low E)
'Pilington K' or equivalent Argon filled sealed units doubled glazed. Glass to critical areas to be toughened or safety glass to BS 6206.

04
3001 Side Elevation - As Proposed
1:100 (at A3)
