Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	
Comments:	Given that the property has a small access driveway with a very steep slope, I do have concerns with where any contractors or the homeowners themselves would be able to park their vehicles whilst construction is ongoing on the property. The access driveway for 8 Quarry Hill is directly opposite that of 17 Quarry Hill, if large work vans & trucks were to park in front of the driveway of 8 Quarry Hill, this would disable my ability to enter and leave my driveway given the narrow nature of the road. I would urge the homeowners and planners of this project to take

proactive action to minimise the disruption caused. It would also be helpful for us both to ensure that I have the contact numbers of the main contractors for this project, so should the issue described occur, it would allow me to get in to contact with them rapidly and be able to move on with my day. I wish you the best of luck on the project.

Kind regards
