To whom this may concern,

[REDACTED]

I strongly opposed the installation proposed as above for various reasons:

1. This will have a huge impact on the look and feel of the area and could potentially affect wildlife.
2. The radiation emitted could cause ill effects to health.
3. The properties within this area will suffer as their value will decrease dramatically.

I urge you to revoke this idea and to find a remote area for this installation.

Yours faithfully,

[REDACTED]
