Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I live in the proposed 100m-200m area of this mast. I completely object to this, and after researching further this is a totally irresponsible proposal. I've known people who lived near a 4g mast and because of the EMF their child suffered with head and eye problems....they had to move, and now the child is fine.

Kind regards
