Dear Andy

As I am unable to post comments on the MSDC planning portal at the moment please find comments from HPC Planning Committee for DM/25/0766:

**RECOMMENDATION:** The committee recommend refusal and reiterate their previous comments. This bridleway was part of the agreement on infrastructure as a result of the public enquiry into the original strategic site allocation - and having the cycle way provided in a reasonable time was a key part of the decision. The parish council can see no reason why this extension should be granted and feel that if this were to be approved the developer could continue to delay completion of these works.

Please find comments from HPC Planning Committee for DM/25/0897:

**RECOMMENDATION:** The committee recommend this variation of the original planning obligation should be refused. There is insufficient information provided to justify these works not going ahead.

Kind regards

*Jane*
