Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: We object to the proposed planning.

The proposed house would be looking directly into our children's bedrooms which would greatly reduce our privacy. The new property would also be very close to the road and our property which is not in keeping with the street.

The plans propose a 2 bed, 4 person house but only have one parking space. There is already limited parking down Hermitage

Road. The proposed plans would also take away the parking from the host house who currently have 3 parking spaces and they would therefore also need to park on road.

There is also a stream that flows under the current driveway at number three, this stream freezes in the winter making the pavement unusable. We have a concern that this issue would only worsen with a property being built and surface water going into soakaways.

Kind regards
