

## WEST SUSSEX COUNTY COUNCIL CONSULTATION

<b>TO:</b>	Mid Sussex District Council FAO: Katherine Williams
<b>FROM:</b>	WSCC – Highways Authority
<b>DATE:</b>	26 November 2025
<b>LOCATION:</b>	Warninglid Primary School Slaugham Lane Haywards Heath RH17 5TJ
<b>SUBJECT:</b>	DM/25/2473 Proposed conversion and change of use of the existing former school into two dwellings with associated garaging/car ports, removal of existing flat roofs, portacabin and other playground structures. Construction of two detached dwellings with associated garaging within the existing former school field. New entrance onto highway and associated hard and soft landscaping.
<b>DATE OF SITE VISIT:</b>	n/a
<b>RECOMMENDATION:</b>	No Objection

The proposal is for the conversion of the existing school into 2 dwellings and the construction of 2 new dwellings. An additional 3 access points onto the public highway are proposed and the existing school access is to be reused as the 4<sup>th</sup> access point.

The new access points appear to be dropped crossovers onto Slaugham Road within the existing parking layby.

Given the school would have generated a number of traffic movement in and out of the layby the additional access points each to 1 dwelling would not result in a highway safety concern. It is not clear however how the access points will be constructed. It is assumed they are to be simple dropped crossing points into the existing layby and no works are proposed to this layby.

A minor work licence for the new access points will be required from WSCC.
