Biodiversity net gain

Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 sets out that every planning permission granted for the development of land in England shall be deemed to have been granted subject to the 'biodiversity gain condition' requiring development to achieve a net gain of 10% of biodiversity value.

This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)*.

Applicants for planning permission are required to make a statement as to whether they believe the biodiversity gain condition will apply if permission is granted, please confirm:

- ☒ It is my belief that if permission is granted for the development to which this application relates the biodiversity gain condition would not apply

*A 'householder application' means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.

Details of the pre-application advice received

Replacement of front with doors, installation of decking, allowing access to front garden.

Advice given" In my informal opinion the raised decking would require planning permission as it would have a height of greater than 0.30 metres.

The proposal would be assessed against the local development plan which consists of the Mid Sussex District Plan (MSDP) and the East Grinstead Neighbourhood Plan (NP). The Mid Sussex Design Guide SPD (MSDG) and the National Planning Policy Framework (NPPF) are considered to be material considerations. I have listed the relevant policies below:

Mid Sussex District Plan:

DP26 - Character and Design

East Grinstead Neighbourhood Plan

EG3 - Promoting Good Design

Design and Character

Policy DP26 of the District Plan states that proposals need to demonstrate that the development addresses the character and scale of the surrounding buildings and landscape. This is further supported by policy EG3 of the East Grinstead Neighbourhood Plan.

The proposed decking would be of an acceptable size and whilst may not normally be considered acceptable to the front of a property, this dwelling is in a unique positioning. No. 44 received planning permission for front decking as part of application DM/25/2060. Decking is therefore acceptable within the character of the area. If an application was to be submitted appropriate materials would be required.

Impact on neighbour amenity

Due to the positioning of the decking facing onto the front gardens and Garden Wood Road beyond I cant see decking and the alteration of the window to a door causing significant harm to any neighbouring amenity areas. The decking would not overlook into any private amenity areas."

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No

- ☐ No

Is any of the land to which the application relates part of an Agricultural Holding?

- ☐ Yes
☒ No

Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**
