Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	This new playing surface is much needed for the football club, it will help the revenues of the club 100%, whilst in turn giving the team much needed facilities to grow further than they ever have before. But also this is the right direction for the fans also, the amount of rescheduled games because of waterlogged pitch, or frozen pitch would almost certainly disappear. Most clubs in the current division have these facilities available to

them right now and in several leagues above proving this to be
the next evolutionary step for BHTFC
1000% needed please support the club and fans in approving this
it means the world to so many within the community

Kind regards
