

Noise Management Plan / Statement to Support Planning Application

Land South Of Contego Safety - DM/24/2932

---

Condition 18 of the original planning application relates to limitations on deliveries.

The applicant proposes the following:

That deliveries can be made at any time but limited to:

1 HGV Delivery per week. Usually, this delivery will take place during the daytime but in certain circumstances it could happen at night.

Outside of normal hours of operation, deliveries or traffic to be limited to no more than 5 small cars or vans per night. It should be noted that the likelihood is that it will only be the occasional car or van visiting the site during out of hours.
