Reasons for comment:

Comments: Hello,

I would like to object to the proposed construction of a new one-bedroom detached dwelling house.

Our communal garden is located at the rear of the site where the development is proposed. The construction work is likely to result in a significant increase in noise, which would cause difficulties for me as I work from home most of the week and spend a considerable amount of time on calls with customers.

I am also concerned that the construction work will cause disruption to the driveway and the area outside the garages. The development is likely to increase traffic and activity in this area, which could cause additional inconvenience and disturbance to residents.

I would therefore ask that these concerns are taken into consideration when assessing the planning application.

Kind regards,

Kind regards
