Hi

Please find attached the floor plan for the garage, including orientation/messurements. Unfortunately we are not able to edit the garage elevations in order to label them - please can you read these 2 documents together to determine orientation. To be clear, the garage entrance is street facing (north, as per current garage)

Thanks
Neil

Good afternoon

Thank you for sending through the plans. The majority all appear to be in order. However, the attached plan for the garage only shows the elevations, and not the floor plans. Please could you send this through, and also label the garage plans and elevations.

Kind regards
Liz

You don't often get email from neilinchicago@hotmail.com. [Learn why this is important](#)

Hi Liz

As per request please find updated plans/elevations. The individual drawings should be used for detail and to accompany the general document 'Durstons plans and drawings - 20 July 2025.docx'

Due to the size of the files these will be sent in several emails.

Any questions please let me know.

Regards

Neil
