Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I'm objecting to this proposal on the following: Having lived previously in South London and moving to West Sussex 4 years ago, we really appreciate the countryside and views across the south downs, taking in views of various fields and farms so I'd be disappointed for this proposal to go ahead. I also think it will effect the appearance of the area around the

proposed site. There is also the huge loss to trees along with the noise and disturbance of the installation and any ongoing maintenance. Being so close to a new development in such a lovely area Haywards Heath I feel this is a real shame for all residents. Also I'm concerned with the health concerns listed in the 5G fact leaflet not only to humans but wildlife and animals too.

Kind regards
