Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to this application to erect this mast on grounds that it would cause harm to life. Please read "The invisible rainbow" by Arthur Firstenberg and explore the online website "wearenotsam.org" which details the research and large body of evidence that these frequency masts are unsafe and harmful to life.

Kind regards
