Reasons for comment:	
Comments:	The village doesn't need another shop, it will kill the shop that has just opened on the bank. Also it will make copthorne bank even more dangerous too pull out onto. Also I think it will kill the business of the pub, the pub is the only one in the village with a garden (without taking your life into your own hands walking to the cherry tree). The pub has full potential With the garden and that's what this village needs! Not another

shop or more flats.
Also these people putting the planning in are not from the village
and have no idea, they just want to make money and not care
about our village.

Kind regards
