Reasons for comment:	
Comments:	Further to the other comments regarding the unnecessary addition of another convenience store, I feel it is important to address not only the extra traffic the store and apartments will generate, but also the Tesco delivery lorries which will supply the store. The road is not suitable for these large lorries and will not only cause congestion, but also increase the chance of injury to pedestrians when trying to navigate the turn into and out of the delivery area

onto Copthorne Bank. It's no good suggesting that smaller delivery lorries will be used, as we know this won't happen once the store has been built.

Considering most households have at least two vehicles, plus visitors, I don't feel enough thought has been given to the parking, to ensure the current neighbourhood isn't impacted. This also applies to the parking for the pub.

This is an ill thought out planning application which I hope the council will recognise and reject.

If neighbourhood opinion is truly valued and recognised then this will not be granted.

Kind regards
