TPO Details

Further Details	
Are you seeking consent for works to tree(s) subject to TPO	Yes
Are you wishing to carry out works to tree (s) in a conservation area?	No
If you know which TPO protects the tree (s), enter its title or number	GR/03/TPO/76
Please identify the tree (s) and provide a full and clear specification of the works you want to carry out	From my knowledge and understanding from the use of Mid Sussex TPO map. Tree Line protected under GR/03/TPO/76. "Fagus Sylvatica" Beech Trees x 4 which back onto Hermitage Lane. My client has requested that the trees are either Pollarded which I have advised against and opted to apply for a 3 Meter crown reduction to allow for future growth and target pruning for effective re-growth. I would assume from looking at the trees that this would be cut back to previous points as this work has been done historically. Trees requiring the above: T18 / T16 / T19 / T13 but please correct me if I am wrong as there seems to be other trees in the garden (Cedar) which was not present at the time of surveying.
