[REDACTED]
Hi Emma

I correctly read the back of the letter after sending my email and realised it was just a yes or no question really.

We have no issue with the tree line being cut short.

Thank you for replying all the same.

Have a nice weekend

Richard

Dear Richard and Vicky,

Many thanks for your email.

The Council only provides the permission or in this case acceptance of the proposed works. We have no control of who does the work or how they carry that out. That would be the responsibility of the landowner and his arborist. Similarly, the date and times the work is to be carried out would be a matter for the landowner and his arborist.

I can only suggest that you contact your neighbour with your concerns and ask to be given notice of the date and the proposed works, as a courtesy.

Kind regards

Emma

Subject: Dm/26/0906

To whom it may concern

Planning Application No: DM/26/0906

We have received notification of the proposed tree works to the rear of our property.

We would like to confirm that we have no objection in principle to the reduction of the trees as described.

However, we would appreciate clarification on how the works are intended to be carried out, specifically:

- Whether access to our property will be required at any stage

- How any risk of debris, branches, or damage to our property will be managed
- Whether appropriate insurance and qualified contractors will be in place
- How any accidental damage or garden impact would be addressed

In addition, both occupants of our property work from home, and one role involves continuous phone-based work that cannot be carried out elsewhere. As such, significant noise disruption would make work impossible on certain days.

We would therefore request that, if approved, any works are scheduled with prior notice and, where possible, avoid Wednesdays and Thursdays. We would be happy to cooperate on alternative days.

We are willing to be flexible and cooperative, but would like to ensure that any impact on our property and ability to work is properly considered and managed.

Kind regards
