Subject: DM/24/2799 Land at Caldynes Park, Wallage Lane, Rowfant

Dear Caroline,

I have looked at this application and find that the information provided is not sufficient to enable me to make comments.

I have a paragraph about trees and a short description of the proposed surfacing within the root protection area of some trees, What I don't have is adequate details of the trees, for example their categorisation, maturity, proximity to the proposal.

Please could you request some further detail in the form of an Arboricultural Impact Assessment, which should include a full Arboricultural Method Statement and Tree Protection Plan. This should also provide details of the trees surveyed.

Kind regards

Emma
