Reasons for comment:	
Comments:	Facilities such as the one proposed for the Castle Hickstead is very important as it will bring added and much needed vibrancy to the area. . The substantial investment will maintain this landmark building which without this proposal would very likely deteriorate and possibly be lost. Hickstead is already a major attraction which is of substantial value to Sussex and this additional facility will add to the attraction of the surrounding area. It is a welcome development with sound financial sustainability.

Kind regards
