Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The infrastructure in the villages around this site cannot take any more houses. There are limited services for existing residents. Schools, doctors and utilities are already at capacity. The road network struggles to cope at peak time with the current demand and adding more houses and more commuters into the

mix will add more stress and disruption to an already inadequate network.

Pease Pottage and Handcross have already taken more than their fair share of new developments.

Kind regards
