Subject: DM/25/0889 Culvers, Church Fields, Hurstpierpoint

Dear Hamish,

I have reviewed the Arboricultural Impact Assessment (AIA) and Arboricultural Method Statement (AMS) for this proposal.

I have had a conversation with the Arboricultural Consultant just to clarify that the storage of materials will only be on the existing hard standing and therefore, will act as ground protection for the trees.

I have no objection.

Please do condition adherence to the AIA and AMS.

Kind regards

Emma
