Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I write to object to the plans proposed as they will have a detrimental effect on the area large sections of which are AONB designated. The suggestions will have a significant bearing on the nature of the area, noise, loss of trees and wildlife. At present this area adjoins an AONB and is a desirable walking and riding place. Why is it necessary to change its existing nature if not to satisfy the "green" needs associated with the large housing development in an associated planning application.

Kind regards
