Dear Tracie Axford

I hope that you are well.

I write to you specifically with reference to document LOCATION AND BLOCK PLAN KD.1747_A.001 on the application (attached)

The applicant has **breached planning protocol and effectively abused a position of trust in the submission** with regards the height of the original wall that was destroyed to make way for the 2m wall currently in place.

The document LOCATION AND BLOCK PLAN KD.1747_A.001 clearly shows the original wall height to be 10 brick courses, fraudulently increasing the height of the original wall by 100%, when there ever was only a wall height of 5 brick courses.

I also attach a picture of the original wall clearly showing the height at 5 brick courses.

I look forward to your comments.

Many thanks and kind regards
