

Application reference: DM/26/0978

Site Address: Rosewood House, Hassocks

Site Visit Date: 28.04.26

North – Box dormer with composite cladding within in the northern roofslope to the rear. The neighbouring bungalow features a hipped roof and a ground floor obscured glazed window.

South – Further box dormer set to the southern roof slope albeit at a greater width.

East – Rear garden amenity space with some mature tree planting set to the boundaries.

West – Existing rear elevation with the rear projecting gable featuring a loft conversion.

Streetscene – A mix of both two storey and single storey residential properties with some variance in external material.

Other -
