Comments Details

Commenter Type: Neighbour or general public

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: It seems totally extraordinary that Mid Sussex Environmental Protection deem this application will have no impact. May the planning department please consider the comments made by the people that live in this street and area. Has this already been approved by the department? It certainly seems so. This will have a huge impact on this rural lane. Traffic is tight now, the new businesses will impact greatly, regardless of the night-time

comings and goings. It may be worth mentioning that the DPD site in Goddards Green started out as a science led business and is now an industrial estate. No one that supports this application lives in or around this area. Do the residents have a say in this or is the deal done already?

Kind regards
