Subject: GH841 Keysford Barn, Treemans Road, Horsted Keynes RH17 7EA - Revised Drawings

Hi Anna,

GH841 Keysford Barn, Treemans Road, Horsted Keynes RH17 7EA - Revised Drawings

Please find attached the revised drawings and details as requested.

The revised drawings allow for the following:

- Reduced external insulation to floors and walls.
- Relocating the partition door within the threshing partition.
- Adding a note to indicate where we intend to reuse the external entrance door.
- Updating the note regarding the taper burn to Bedroom 1 to remain in tact and exposed.
- Updating the note regarding the mortices from the missing wall studs within the entrance hall.

We believe the attached information fully addresses the concerns raised. Please advise if there are any remaining points to consider so we can move forward to a planning determination.

Best Regards,

Alison

Subject: RE: GH841 Keysford Barn, Treemans Road, Horsted Keynes RH17 7EA - Planning Statement for Floor Insulation

Hi Anna

Looking at the contractor's statement for the flooring, this provides two 'in principle' methods for lifting and then reinstating historic timber and brick floors. Although these methodologies are not contentious in themselves, there does not appear to be a specific commentary on their practicality in the context of the floors at Keysford Barn, bearing in mind their condition, and it is not apparent whether or not the contractor has viewed the floors in question prior to preparing the statement. Further information in the form of confirmation from the contractor that he/she has inspected the historic floors at Keysford Barn and that the methodologies set out will be practical in this context is therefore required.

With respect to the insulation, we would need to see typical revised details to be able to comment as to whether this reduction will be sufficient.

Thanks,

Emily

Hi Anna,

GH841 Keysford Barn, Treemans Road, Horsted Keynes RH17 7EA - Planning Statement for Floor Insulation

Did you get a chance to review my email and attached builders letter last week? Is the letter acceptable?

Would the reduction in insulation to the walls and roof also be acceptable?

We have adopted the other points raised by Emily, the above are the two outstanding elements.

Best Regards,

Alison

Hi Anna, Emily,

I hope this email finds you well.

Please see attached the method statement for the flooring at Keysford Barn by Fowlers Contactors. We have also looked at reducing the external insulation for the barn and it could be reduced by 70mm, would this be acceptable?

We will provide the eaves detail that you also requested. However would prefer your thoughts before we finalise things.

Best Regards,

Alison
