Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I wish to formally object to this proposal on the following grounds: The loss of this active and productive agricultural land in favour of housing development is unjustified. The proposal would result in the removal of mature hedgerows and trees, causing significant and irreversible harm to biodiversity, wildlife habitats, and the established character of the area.

Given the site's elevated position, any new structures would be widely visible and would cause harm to the rural landscape and would permanently alter an area of natural beauty.

The approval of two houses may also set a precedent for substantially larger developments on surrounding land, leading to further loss of countryside and a significant increase in traffic.

For these reasons, I respectfully request that this application be refused.

Kind regards
