Comments Details

Twineham Parish Council wishes to object again to this application. An application in 2018 and another one earlier this year, DM/26/0780, were both refused.

This site was a productive, former wheat field.

Comments: The Parish Council notes that the new proposal is for a smaller footprint of the building. However, yet again, there is no indication of the height of the building. It will be very visible from the road as Bob Lane is very narrow and the hedgerow along the lane is very thin. This will cause a harmful intrusion in the countryside.

There is a strip of Ancient Woodland to the east of the site.

There will, inevitably, be some traffic associated with this development.

Council believe there is no need for this type of development at this

location, as this was part of the reasoning for rejection in the previous applications.

Kind regards
