Dear Anna,

Please see below reply regarding above Consultation.

The flood risk and drainage team have reviewed the information submitted in support of this application and can provide the following initial comments.

No information on the flood risk or surface water drainage arrangements has been submitted.

Information into our general requirements for detailed surface and foul water drainage design is included within our 'General Drainage Information Guide'. <https://www.midsussex.gov.uk/media/9388/flood-risk-and-drainage-information-check-list-application-stage.docx>

Following receipt of the additional flood risk information requested we shall review and provide further comment on this application.

Receipt of the requested additional information does not mean further information will not be requested, nor does it guarantee that the Flood Risk and Drainage Team will not object to the development. Neither does it prevent the team from recommending a flood risk or drainage condition.

Best Wishes
