Beech Tree - Crown lift 5.2 metres over highway, and 2.4 metres over footpath.
Marie Pollard**

Permission is sought for the works as described.

The tree is a mature specimen, located on a corner, within a small grassed area. It overhangs the public footway and the road.

Works relate to secondary growth only and some, similar work has previously been carried out.

Works will reduce conflict with highway users.

Permission is recommended.
