Dear Sir/Madam,

Proposal: Proposed two storey side and rear extension and extended front porch.
Site: 23 Meadowcroft Close, East Grinstead, West Sussex, RH19 1NA.

Thank you for your correspondence, please see our comments below regarding the above application.

Development Site is not within Southern Water's Water Supply Area

The development site is not located within Southern Water's statutory area for water supply services. Please contact South East Water who are the relevant statutory undertaker.

Rear / side extension build-over/close-to a sewer

It appears that the developer is intending to build-over/close-to a public foul sewer which is crossing the site. Building over a "public sewer" is not normally permitted by Southern Water. An investigation of the sewer is required to confirm its size and depth, ascertain its condition, number of properties served and potential means of access before any decision can be made as to whether it would be acceptable for Southern Water to allow building-over/close-to the sewer. The length of sewer to be built over under the terms of Part H of the Building Regulations dictates that the matter is determined by the sewerage undertaker, which in this case is Southern Water. The conditions and application associated with the build-over/close-to a public sewer are available at Southern Water's Get Connected service: <https://developerservices.southernwater.co.uk>.

Condition

In order to protect drainage apparatus, Southern Water requests that if consent is granted, the following condition is attached to the planning permission; prior to the commencement of development, the developer must advise the local authority, in consultation with Southern Water, of measures which will be undertaken to protect the public sewers.

Due to legislative changes effective from 1st October 2011 regarding the ownership of sewers, it is possible that a sewer now deemed to be public could be crossing the development site. Therefore, should any sewer be found during construction work, an investigation of the sewer will be required to ascertain its ownership before any work commences on site. If this happens, please call our Customer Service Desk on 0330 303 0119.

For further advice, please contact Southern Water, Southern House, Yeoman Road, Worthing, West Sussex, BN13 3NX (Tel: 0330 303 0119)
